TOWN WARRANT

To the Inhabitants of the Town of Lempster, in the County of Sullivan, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the Town House in said Lempster, on Tuesday, the fourteenth day of March, at ten of the clock in the forenoon, to act upon the following subjects:

ARTICLE 1. To choose all necessary Town Officers for the year ensuing.

ARTICLE 2. To hear all reports and act thereon.

ARTICLE 3. To raise such sums of money as may be necessary to defray Town Charges for the ensuing year and make Appropriations for the same.

ARTICLE 4. To see what sum of money the Town will vote to raise for interest.

ARTICLE 5. To see what sum of money the Town will vote to raise to keep the Common mowed around the Soldiers, Monument at Lempster Street.

ARTICLE 6. To see if the Town will vote to allow the Selectmen to deliver blank inventories at the time they appraise the property for taxation.

ARTICLE 7. To see if the Town will vote to reinsure the Town Hall and Union Hall.

ARTICLE 8. To see what sum of money the Town will vote to raise and appropriate for Old Home Day and Memorial Day.

ARTICLE 9. To see what sum of money the Town will vote to raise for the Library.

ARTICLE 10. To see if the Town will authorize the Selectmen to borrow money for the Town in anticipation of taxes.

ARTICLE 11. To see if the Town will vote to limit the Road Agents to the appropriations.

ARTICLE 12. To see what sum of money the Town will vote to raise for Old Age Assistance and pass any vote in relation thereto.

ARTICLE 13. To see if the Town will vote to receive sealed bids for mowing town roadsides, a separate bid to be sent for each District.

ARTICLE 14. To see what sum per hour the Town will vote to pay for labor on the highway.

ARTICLE 15. To see what action the Town will vote to take to continue the Town Forest Committee and take any necessary action thereto.

ARTICLE 16. To see what sum of money the Town will vote to raise for the Fire Company.

ARTICLE 17. To see if the Town will vote to raise for State Aid Construction \$363.00 and the State to contribute \$1000.00 said joint fund to be expended on the second New Hampshire Turnpike Road.

ARTICLE 18. To see if the Town will vote to raise \$363.00 for Town Road Aid. The State to contribute \$2,132.62.

ARTICLE 19. To see if the Town will vote to raise and appropriate \$3,200.00 for State Bridge Aid for the Pollard Bridge on Lempster Mt., State to contribute \$13,300.00.

ARTICLE 20. To see if the Town will vote to pay the Bill of Arthur Whitcomb, Inc. amounting to \$158.91, for Bulldozing a road along the West side of Sand Pond in Lempster, and pass any other vote in relation to this piece of road.

ARTICLE 21. To see what sum the Town will vote to raise for Town Poor and pass any vote in relation thereto.

ARTICLE 22. To see if the Town will vote to discontinue the piece of road from the bridge by Arthur Jones to the Bridge North of Henry LaFrance. This road being a piece left when the State straightened out the main road.

ARTICLE 23. To see if the Town will Authorize the Selectmen to administer or dispose of any real estate, acquired by tax collectors deed. Said authority to continue in effect until recinded or revoked by some future Town Meeting.

ARTICLE 24. To see if the town will vote to raise and appropriate a sum not exceeding one-one-hundredth of one per cent of the assessed valuation for the purpose of publicizing and promoting the natural advantages and resources of the town, together with other towns in the Dartmouth Lake Sunapee Region Association, the sum of \$24.24.

ARTICLE 25. To see if the Town will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting, and to make an appropriation to cover the expense of such audit.

ARTICLE 26. To see if the town will authorize the Selectmen to secure the assistance of the State Tax Commission in reappraising the taxable property in the town in order to secure greater equality as between taxpayers, and to insure the assessment of all property in the town on the same standard of value, and to raise and appropriate money to pay for same.

ARTICLE 27. To see if the Town will vote to raise \$200.00 for White Pine Blister Rust.

ARTICLE 28. To see if the Town will accept from Alice Bellows \$100.00 in trust for the care of the Charles Booth and Henry Bellows lots in the cemetery at East Lempster, N. H.

ARTICLE 29. To transact any other business that may legally come before said meeting.

Given under our hands and seal this third day of February in the year of our Lord nineteen hundred and fifty.

JOHN A. WIRKKALA
HORACE M. CRAGIN
LUCIUS H. NICHOLS

REAL ESTATES ACQUIRED BY TAXES

1. F. W. Grafton. This land is located on the west side of the D. C. Highway from East Lempster to Newport, adjoins land of F. A. Barton, John Pike and others, said to contain 22 acres.
2. Ernest Viner Land. Formerly known as the Booth and Campbell land.
3. Dan Paul Estate. Part of the Blanchard Place. A lot of growing pine on the lot, contains 75 acres and is south of the highway from Lempster to Unity.
4. Emmet Robinson Estate. Part of the D. Hosley Land, so called. This piece of land lies on the west side of the Dartmouth College Highway leading from Goshen to East Lempster and bounded on the north by land of Charles Sabin and easterly by said highway, and contains 18 acres more or less.
5. Graves land so called. This piece of land is bounded on the north by land of Chauncey Quimby, on the east by land of Fred Booth, on the south by land of Lucius Purmort, said Reuben Morgan and on the west by land of Warren Triff, J. B. Tennant and W. K. McKellips.
6. Will A. Perkins Place. Contains about 285 acres. Bounded by Susie Hurd, W. F. Horton place, Mr. A. Johnson and F. A. Barton.
7. Frederick Drake Land. This land is situated in the southern part of the town, bounded by James Mater on the south, on the west by Johathan Huntley, on the north by William Parker, and on the east by the highway. Contains 18 acres.
8. Tattrie & Laino Land. This is situated over by the Mildred Felix place and contains $1/8$ acre.
9. Charles H. Emerson. A certain tract of land situated on Lempster Mountain, bounded on the east and south by land of the Champlain Realty Co., on the west by the highway which leads from the Horton place on the Marlow road to Sand Pond, and on the north by land of Mrs. Addie Kempton and is known as the D. Nichols Lot.
10. Shirley Smith House located on land of W. D. Thurber.
11. Carey Land situated and bounded as follows. Beginning at the northwest corner of the Hickey lot, so called, thence easterly on the range of stone wall between Dolphus S. and

Nathan George to the corner or said George Land, thence easterly and southerly on the fence and stone wall built near Allen Carey's meadow, thence easterly on the range of fence now built crossing Cold River to the opposite side, thence southerly on the bank of said river to land owned by Harvey J. Huntley; thence southerly on said Huntley land to land of Joseph Metcalf, thence westerly on said Metcalf's land thence land of Jeremiah Metcalf to land of said George, thence northerly on land of said George to the first mentioned bounds, containing 50 acres more or less.

TOWN AUDITOR'S REPORT

This is to certify that I have examined the books and accounts of the Tax Collector, Town Clerk, Treasurer, Selectmen and other officers of the Town of Lempster for 1949. I find them correct and properly vouched.

HORACE M. CRAGIN
Treasurer Lempster Fire Dept.

REPORT OF FOREST FIRE WARDEN

FOREST FIRES - OUR MOST SHAMEFUL WASTE

Everyone apparently fears fires but too many are careless with it. This is particularly true of fires in and near woodlands. Official figures show that more than 98 percent of all forest fires result from human carelessness and can be prevented. Consequently, we may say "Forest Fires are our most shameful waste."

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forests provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public - YOU!

The primary objective of all fire fighters in PREVENTION - fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved ONLY if YOU and YOU and YOU cooperate with them. It is worth YOUR effort and can be accomplished by:

1. Being careful with fire in or near woodland, being particularly careful with matches and cigarettes.

2. Securing the required written permit from the warden when the ground is not covered with snow.

3. Insisting that others be careful and comply with burning requirements.

4. Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number of forest fires and eliminate our most shameful waste.

REPORT OF THE LEMPSTER TOWN FOREST COMMITTEE

The Long Pond Road and the public area on the pond has seen a lot of use and some abuse during 1949. Many came in to fish, picnic and swim and a surprising number to camp overnight or longer. A number of boats are now tied up to the rocks on the shore. This is as it should be and the fact that this beautiful area is available without thought of trespass is a credit to the public mindedness of the voters of Lempster. With public use, however, there is even present the factor of abuse and with this in mind your committee has had some signs made to attempt to preserve that which we have so all may enjoy it.

These simple regulations will attempt to control the building of fires, smoking, the disposal of refuse and the cutting of live trees near the shore. All too many cans and bottles have been thrown in the pond near the swimming area. Campers and picnickers will be required to get a permit from the fire warden. Citizens of the town should look on this property as their own and prevent or correct abuses they may observe when visiting the area. Travel over the road to the pond is at the user's risk and the road will be so posted.

Our largest problem is the surfacing of the entrance road. This may have to wait until funds from the leasing of lots is available. A few culverts were installed and some clay hardpan put on some of the worst places this past summer. Use of the road during wet weather periods should be controlled with a good gate erected at the entrance.

The following terms have been tentatively agreed upon for the leasing of the 100 foot frontage shore lots: \$25.00 for first year; \$10.00 per year thereafter; long term lease; failure to pay by specified time breaks lease, cottages shall be of substantial construction and if not built after two years, the rental fee will be raised a specified amount; cutting trees along the shore will be controlled, and the purity of the pond water assured. This last is important for until a well is drilled all water will have to come from the pond. Lots should be ready for lease early this summer providing the survey can be completed. 1949 seemed to be a year when few of us had time for all of the matters of public interest demanded of us.

Of the forest itself, it has put on another year's growth, and there have been no fires in spite of a dry summer and greater public use. When markets are again favorable, some pulpwood stumpage is available. Some Christmas trees sold from the

area again in December.

When we read of the efforts of other towns to secure an area on the shore of some pond or lake within its borders for the use of its citizens we can look with pride on this area and resolve to increase its use in human enjoyment and relaxation.

Lempster Town Forest and Long Pond Development Committee.

SCHOOL NURSE'S REPORT

Lempster, 1949

To the Superintendent of Schools.

The routine health inspection and check-up of the school children was continued in the usual manner: The general appearance of each pupil, the hair, skin teeth and throat, the posture and feet for foot hygiene. In addition, the vision is checked by means of Snellen's chart. Twice yearly the pupils are weighed and measured. This is recorded on the child's health record.

Part of the nurse's time is spent in guiding and encouraging the parents in their effort to get their children's defects corrected or to provide the best conditions for healthy development of the children.

Through the efforts of the Lempster Parents' Club, the pupils were given the opportunity to have dental defects corrected. The children were transported to Claremont for this service which was under the direction of Dr. William Stuart.

One of the important responsibilities of the nurse serving the school is to make the health inspection a constructive learning experience for the child.

ZEPHYRINE L. HASHAM, R. N.

NEW SCHOOL PLANNING

Your special committee, named by the Moderator to assist the School Board in considering school housing problems, has had several meetings. Undoubtedly, they will give an oral report of their activities at the School District Meeting. On this committee are: Carl Rudenfeldt, Theodore Wirkkala, James Allen, Lawrence McLeod, Harris Nichols.

The School Board had a lengthy meeting in midwinter. Mr. Paul Farnum, Chief, Administrative Services, Mr. Paul Reason, Chief, Finances, and Mr. Day, Superintendent, discussed various possibilities and costs. Some of the possibilities are:

1. Converting the Street Church.
2. Extensive repairs on present buildings.
3. Moving present buildings together, joining and extending.
4. Acquiring a public building and rebuilding into a school with proper heat, light and plumbing.
5. Building a new school of two rooms, movable partition to provide space for activities, kitchen, modern facilities.

Information obtained from contractors places amounts for new building from \$20,000 to \$30,000.

As the decision made will probably determine the kind of elementary school housing Lempster will have for the next fifty to one hundred years, we must consider all angles very carefully. New School housing cannot wait, either, for any lengthy period, as your boys' and girls' education is going on now. Better facilities should be provided if our children's education is going to equal that of other communities. It will become increasingly hard to hold good teachers, and provide good programs of education.

Like thousands of other communities, our problem is financial. Your assessed valuation is \$242,450. You can borrow up to eight percent. Probably \$16,000 would be the maximum permitted, on a twenty or thirty year bond issue. Your tax rate is high. The first step should be to set aside money yearly in a capital reserve fund. Any gifts can be added. Money might be raised by activities of local groups who are particularly interested in the welfare of our young people. It will be a struggle, but the achievement of the goal will make it worthwhile.

JOHN W. DAY, Superintendent

A Message from Your Superintendent

American Education has undergone many changes in the past half century. Public education now is an accepted part of our complex society, and its importance to the democratic form of government is recognized by all thinking people. The effectiveness with which the isms of foreign lands have been drilled into the minds of youth is proof, if we need any, of the importance of education in our country to sustain and bring to realization the ideals of democracy.

At the beginning of the century, it was the rare boy or girl who had either the inclination or opportunity to complete high school or college. In 1950, the great majority begin high school, a large percentage finish, and a fair proportion of these complete college. Elementary education is compulsory for all. Progress is being made towards education equality.

Changes have been made and more must come in curricula. Training in the three R's and academic work is just as important and methods have improved. As the public school is our society's instrument for continuance and improvement schools have added training in the vocational, cultural and citizenship aspects of our living. The school plant becomes a real community where youth learns to work and play together for the most formative years of their character development a center of local activities in which all citizens take pride.

Many problems face the citizens of Supervisory Union No. 5 in their efforts to support and improve their school systems. I am presenting a summation under the three headings: education, building financial.

Educational

Increased enrollments and building capacity limits are causing overcrowded conditions which make good teaching difficult. Twenty-five to thirty pupils in a single grade should be the maximum. Where several grades must be placed in one classroom, the total number should not exceed twenty-five. We have many situations where the teachers frankly admit inability to teach effectively because of too many pupils and too little time. Poor lighting, ventilation, lack of sanitation, and no room for special activities limit educational efficiency in too many towns in this Union.

School Boards are aware of the need for having good tools of learning- books, maps, supplies, practical arts materials, and

even athletic equipment. They are attempting to include sufficient funds in budgets to provide for classroom needs. With so many costs fixed by law or conditions, it is natural to look to this area for reductions. In many schools, materials have not been adequate. It is unwise to attempt savings here beyond limits of reasonable economy because these are basic needs and would effect little reduction in the total budget.

It is our good fortune to have a large number of competent and experienced teachers. Many of our teachers are married and make their homes in our communities. They are interested in the welfare of the town as well as the school. The requirements for the certification to teach in New Hampshire have become more stringent. Many "permit" teachers are taking extension courses and summer courses to meet these requirements. Salaries have increased. They must continue to do so until the supply of teachers is greater and until teaching as a profession at least keeps up with the economic returns from other occupations. There is a national and state-wide shortage, especially of elementary teachers. Better retirement systems, higher pay and lower educational requirements continues to drain New Hampshire of some of its finest. Teachers are human beings who like to be commended, who like good homes, pleasant surroundings and friends. The great majority in the profession place service to children above monetary returns.

As our concern is more with the progress that each child makes than with his present standing, we are undertaking a testing program in every school. Standardized tests to measure mental ability and attainment in nine areas of learning will be given and records made of results. This will become a yearly procedure so that we may chart progress made against what normally could be expected. We can try harder and devote more time to those areas where weaknesses become evident.

Building Problems

All except one of the eight towns have pressing building needs. Nearly all buildings are very old and provide inadequate housing for increased enrollments. Efforts have been made and are being made to plan and to build. It is not a problem of easy solution. I am sure that the people of our communities want bigger and better buildings with running water, modern plumbing and controlled heat.

It is discouraging to spend money patching up and repairing to "get by another year" when we would like to see these dollars go into a permanent improvement.

More towns are setting up capital reserve accounts as a long-term means of getting new buildings. It is my recommendation that every town should set aside at least a few hundred dollars and increase it year by year. A committee in one town of the Union is attempting to raise money by other means than taxation. They should be congratulated.

Some small towns in New Hampshire have given up waiting for financial assistance from state or federal government. The satisfaction they must have with their new buildings and the benefits to their children must be ample rewards for the sacrifice. A new school is a living memorial to the faith we have in our boys and girls.

Financial Problems

Real economy means wise spending and not parsimony. The cut in State Aid to education from two million to four hundred thousand certainly is not economy. It costs money to provide even average schools. Actual expenditures for schools have not been reduced by this move. The result has been to thrust back upon communities practically the total burden. Real estate taxes have increased greatly and will go higher if additional support is not returned.

Our Union is made up of small communities with a small proportion of income-producing property. Several thousand dollars of income was taken away. Even those towns whose allotment was not reduced feel the pinch as tuition and transportation costs increase sharply. Other states have increased their financial support to towns and have provided a sound tax basis for doing so.

Transportation will continue to be an expensive problem. A large proportion of our pupils have to be transported long distances over both good and bad roads. The geography of some of the towns, and the remote location of some of the homes, make transportation costs soar, often beyond reasonable expectations. Tuition to outside schools is advancing rapidly due to increasing enrollments and higher charges for tuition. All receiving towns are increasing tuition charges for next year, some sharply, a reflection of their greater costs. Large deficits

of some towns in the union are attributable to these two factors which your School Boards cannot control.

Your school officials are some of our most respected citizens who give freely of their time, and who are very much aware of their responsibility to youth and town. They cannot be justly accused of waste. The average cost per pupil in New Hampshire for 1948-1949 was \$229.49. The schools in your town are being operated at considerably less. It is envitable that school expenses should increase along with every other commodity and service. Good education cannot wait for a more convenient time. There is a need for greater public understanding of school problems. We are encouraging adult groups to organize to study their schools, to ask questions and to assist in activities.

The difficulties are so many and so varied, and their solution so important, that I am humble before the task. Your support and good will, expressed to me in many ways, is especially gratifying. All of us working earnestly together with courage persistence and vision, often forgetting ourselves in service to our communities, should evolve a majority of the right answers.

Respectfully,

JOHN W. DAY, Superintendent
Union 5

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the town of Lempster qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the fourteenth day of March 1950, at one o'clock in the afternoon, to act upon the following subjects.:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing Three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and to fix the compensation of any other officer or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see what sum of money the district will vote to raise and appropriate as a Capital Reserve fund for capital improvements which may include new equipment, additions and improvements to buildings, and, or land and new buildings, said funds to be placed in the custody of the trustees of trust funds in accordance with the Laws of 1943, Chapter 160, as amended by the Laws of 1945, Chapter 35, and Laws of 1947, Chapter 8.
10. To transact any other business that may legally come before said meeting.

Lois Cragin
Harlan Kieffer
Frances Wirkkala
School Board
